- › Mini-Burglar Alarm.
- › Low-Cost.
- › Twin Action Horns.
- › Easily Installed.

Cylinder pictured
NOT included.
Order separately.

AK-PG-10

Stock No. **Finish**
AK-PG-10 Metallic Silver

The Pilfergard Model PG10 is an exit door alarm designed to deter the use of the secured door by sounding a twin action alarm when opened by unauthorized personnel. The alarm can be bypassed from inside or outside by the use of a key. (Requires standard mortise cylinder not supplied.) This durable surface mount unit is easily installed and is tamper-supervised with two separate tamper switches. Its test button verifies battery

PG-21 Surface Mounted Microprocessor-controlled Door Alarm

- › Standard or Narrow stile door alarm.
- › Two selectable arming modes: Always armed or "on/off".
- › Piezo electronic 110db (at 10 feet) sweeping siren.
- › Visual magnetic alignment mode, eliminates templates.
- › Self-contained and tamper switch supervised.
- › 9v-battery powered (supplied) with low battery alert.

Cylinder pictured
NOT included.
Order separately.

AK-PG-21

Stock No **Finish**
AK-PG-21 MB Duronodic
AK-PG-21 MS Metallic Silver

Sleek model design key-activated door alarm for use on standard size and narrow stile doors. Unauthorized use of door will cause alarm to sound and will activate the LED indicator. User selectable options include: continuous alarm, minute shutdown with auto reset and exit/entry delay. Only key carrying employees can disable the alarm; uses standard mortise cylinder (not included). (For exterior key control, an optional RIM cylinder may also be used.) Finishes: metallic silver or Duronodic.

EXIT DEVICES

EXIT CONTROL LOCK

BENEFITS—

- › Attack resistant design withstands over 2200 lbs. of outside pull force.
- › Proven durability and reliability at a reasonable price.
- › Reduces employee and customer theft.
- › Easy to install.
- › Time tested construction resists attack from the inside.
- › Easy to see if lights go out.
- › Meets UL Listed Panic Hardware 988N-Grade 3
- › 10-year limited warranty.

The ECL-230D is a code compliant, battery operated, rugged dead bolt panic device with steel plate and photo-luminescent sign providing managed security and a 100 decibel alarm for secondary exits.

FEATURES—When armed, pressing the exit bar retracts the deadbolt and sounds the alarm to allow exit. Locking and unlocking the dead bolt always arms and disarms the alarm. Resetting the alarm can only be accomplished with a control key. 100 decibel alarm powered by one standard 9 volt battery (included). 1" throw, saw resistant deadbolt. Rugged housing with key lock. Corrosion resistant alloy lock body. Non handed.

EXIT DEVICES

EAX-500 SERIES EXIT

BENEFITS—

- › Low-cost, self-contained door alarm with piezo horn that sounds to warn unauthorized use of a door or gate.
- › Secure, tamper resistant housing.
- › Quick, easy installation saves time and money.
- › 3-year limited warranty.

The EAX-500 Series is designed for applications requiring an alarmed exit device on secured doors. The alarm, with approximately 100dB, will sound when an unauthorized exit occurs. The EAX-500 with its redesigned shape and smaller size make it the ideal choice for quick and easy installations on emergency exit and restricted doors.

FEATURES—Patented plastic template allows for foolproof alignment of internal magnetic door contact and accurate installation. Tapered cover allows for installation on narrow stile doors, 2" minimum. Intelligent circuit sensed the external magnet location automatically and sets the correct door handing. Patented cam assembly automatically adjusts for different sizes of cylinders without use of spacers. Alarm can only be silenced proper control key. Extended bypass (now a standard feature) allows alarm to remain bypassed when door is open and automatically rearm upon door closing. Modern graphics on cover to demonstrate key rotation and operation. 100dB piezo alarm. 9VDC battery operated with low battery alert. LED visual and audible arming indicators. Field selectable 2-minute auto rearm, if desired. Field selectable status indicators, if desired.

Mortise Cylinder
