KICK PLATES

Residential Kick Plate - .037 Thickness

- All plates are .037" thick.
- The majority of kick plates are carded. Some are packaged in strong kraft paper.
- Selected sizes and finishes available in magnetic form for easy installation on hollow metal doors.
- Each non-magnetic plate is packed with #6 x 5/8" oval head, undercut sheet metal screws plated to match, for installation on hollow metal, laminate or wood doors.
